

SUCCESS SEMINAR MARCH 2015

"We were determined to succeed. We couldn't see any viable alternative."
- Michael & Julia Abrahams

DIAMOND DIRECT Michael Abrahams, Australia

They met while singing in the church choir. Michael, a graduate of the Royal Military College, Duntroon, was serving as a young officer in the Australian Army. Julia, an Honours graduate in both Arts and Law from Sydney University, was practising with a prestigious law firm. They were then tested with a three year separation, Michael was posted to Melbourne and Julia to Washington and New York.

Initially, Michael built the business with the help of his sponsor, Angie Somers. Julia then joined the team and within three years their business success meant that she was able to leave workforce and start their family. Two years later, Michael, by then a Major in the Army, retired at age 33. Their amazing business expanded to Asia and Eastern Europe and with this came the chance to travel with young Joshua and Sophie around the world.
